Possibilities

- **Pre-order a block** to be carved to your design [need to organize 2 months in advance] price dependent on size and complexity. We will send you notes on designing for block print, get it carved and soak it in mustard oil to act as a preservative and have it ready for you to use.
- Bring your own cloth or buy from our stash of khadi and **spend a day or few utilizing our workshop** as your studio away from home. Email us to work out the cost.
